

Dear LKNC Families,

Welcome to the 2025–2026 school year at Lake Norman Christian School! Whether you are returning or joining our community for the first time, we are deeply grateful to partner with your family. We enter this year with excitement, hope, and a strong sense of purpose.

Our teachers and staff have prayerfully prepared—not only arranging classrooms and planning lessons, but also seeking God’s guidance to lead with intentionality and heart. We want this year to be about more than just going through the motions; we want it to be purposeful and alive.

Our Word of the Year is:

Intentional.

What does it mean to be intentional? It means living with purpose and making choices that keep us filled and ready — not just physically or mentally, but spiritually. We are reminded that we are not made to run nonstop or to simply survive the school year. Like a car that needs fuel, we need to stop and refuel regularly. God provides us with “refueling stations” throughout our week: His Word, prayer, worship, quiet reflection, godly conversations, and the gift of community. Being intentional means choosing to stop at these stations—to fill up so that we can overflow with joy, peace, and strength.

We see this truth reflected in the story of the Ten Virgins (Matthew 25), where all carried lamps, but only some had oil — only those who prepared intentionally were ready when the bridegroom arrived.

We want this year to be about more than just “carrying the lamp.” We want our students, families, and staff to carry the oil — the spiritual preparation and intentional habits that keep us ready and radiant.

James 2:17 (ESV) reminds us,

“So also faith by itself, if it does not have works, is dead.”

Intentionality means putting our faith into action every day — showing up fully present, caring deeply, and following through in learning, relationships, and faith.

Here’s how intentionality will shape our school year:

- Intentional Learning: Approaching studies with focus and curiosity, embracing growth over perfection.
- Intentional Relationships: Building kindness, respect, and grace with one another, fostering a supportive community.
- Intentional Faith: Creating daily rhythms that include Scripture, prayer, worship, and reflection to nurture spiritual health.
- Intentional Action: Living out faith through service, leadership, and character in our school and beyond.

We believe this mindset of being intentional will not only help students thrive academically but will also build resilience, character, and a deep love for God and others.

Thank you for trusting us to walk alongside your family. Together, let’s commit to a year of purpose — a year of being fully present, prepared, and filled so that we do not run dry.

We are excited and ready to journey forward with you.

With gratitude and hope,

Christian Williams
