LAKE NORMAN CHRISTIAN SCHOOL

UNLOCKED

OPENING DOORS ON THE LAND GOD HAS GIVEN

Dear Lake Norman Christian School Family,

These are incredibly exciting days at Lake Norman Christian School! Since our founding, LKNC has remained faithful to our mission: to partner with families to prepare students academically, spiritually, and socially for God's call on their lives.

Over the years, we have witnessed God's provision and faithfulness time and again as our community has grown. From our earliest days to our current thriving campus, LKNC has been rooted in a vision to educate and disciple students for an impact that extends far beyond our campus.

Today, we find ourselves at an important crossroads. We are out of space and prayerfully preparing to take the next step in faith—developing a new academic facility that will support our continued growth and allow us to serve students with excellence for generations to come.

This vision includes:

A new academic building adding more than 45,000 square feet of dedicated learning space, including classrooms, collaborative areas, essential student services, a cafeteria, and a gymnasium that will double as an auditorium for worship, events, and gatherings. Facilities that will impact every student and faculty member while allowing for future growth in enrollment and programs.

An estimated construction cost of \$19.5 million.

This is a bold step, and we believe in a God who is bigger than any number. God has faithfully provided for Lake Norman Christian School in every season, and we trust Him to continue guiding and sustaining us as we move forward. The cost of construction has come in at \$19.5 million, and we need your help as we step forward in faith to make this vision a reality.

We are expectant and hopeful for the future of Lake Norman Christian School. With our roots firmly established in Christ, we are ready to grow and provide the space and support our students need to thrive—academically, spiritually, and socially.

Would you prayerfully consider partnering with us through a sacrificial, multi-year commitment as we continue to look beyond and trust God for what lies ahead? Please fill out a commitment card and hand it to an LKNC staff member at the table outside the lobby on the way out and our advancement team will reach out to you!

With gratitude and anticipation,

Dr. Williams
Lake Norman Christian School

Dr. Christian Williams
Head of School

OUR MISSION REMAINS UNCHANGED

OUR MISSION IS TO
PROVIDE A COLLEGE
PREPARATORY
EDUCATION IN A
SAFE AND
NURTURING
ENVIRONMENT
GROUNDED IN THE
CHRISTIAN FAITH.

Growth does not change who we are—it strengthens our ability to live out our mission.

At LKNC:

- Students are known, valued, and discipled
- Faith is woven into every classroom and conversation
- Academic excellence and biblical truth go hand in hand
- Families and faculty partner intentionally in each child's journey

The UNLOCKED campaign ensures that our facilities reflect the excellence and intentionality already happening every day at LKNC.

WHY NOW?

A DEFINING MOMENT FOR LKNC

LKNC is experiencing steady growth in enrollment, programs, and campus life. Every square foot of our existing space is maximized.

- Classrooms are at capacity
- Shared spaces are stretched beyond their original purpose
- We have no home gym
- Opportunities for growth are limited by physical space—not vision

God has entrusted LKNC with influence and momentum. Failing to respond to this moment would mean turning away families and limiting the impact we know Christian education can have. This is the right time. This is the faithful response.

WHAT WE'RE BUILDING

The **UNLOCKED** vision includes a new academic facility totaling over 45,000 square feet, designed to serve students across all divisions.

This facility will include:

- Modern classrooms and collaborative learning spaces
- Essential student services and academic support areas
- A cafeteria
- A gymnasium that doubles as an auditorium, w/ seating for worship, performances, and school gatherings
- Updated technology and enhanced safety features
- Space that allows for future growth in enrollment and programming
- This building will immediately impact every student and faculty member while positioning LKNC for long-term sustainability.

THE SCOPE AND COST

Stepping forward in **FAITH.**

The estimated cost of construction is \$19.5 million.

This number is significant—but it is not bigger than our God.

Through careful planning, professional consultation, and prayerful leadership, we are confident this project reflects both wisdom and faith. Now, we invite our community to step forward with us.

THIS CAMPAIGN IS ABOUT MORE THAN A BUILDING

BUILDINGS DON'T
CHANGE LIVES—

**WHAT HAPPENS
INSIDE THEM
DOES.**

UNLOCKED is about:

- Students discovering their God-given gifts
- Teachers discipling the next generation
- Families finding a Christ-centered community
- A school positioned to serve future students not yet born

One day, students will walk through these doors and step into the world equipped, confident, and grounded in Christ. That is the legacy we are building together.

WHAT'S NEEDED FROM YOU

EVERY
GIFT
UNLOCKS
SOMETHING

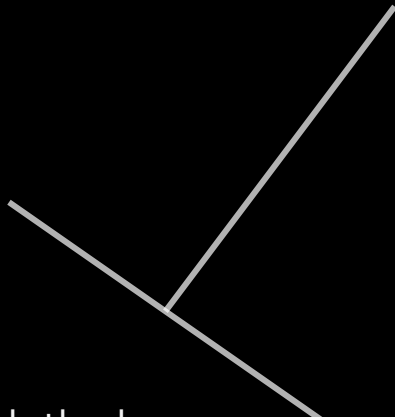

We are asking every LKNC family, alumnus, and friend to:

1. Pray intentionally
2. Learn about the vision
3. Give as God leads

This is not about equal gifts—it is about equal sacrifice and shared obedience. When each family participates, God multiplies the impact.

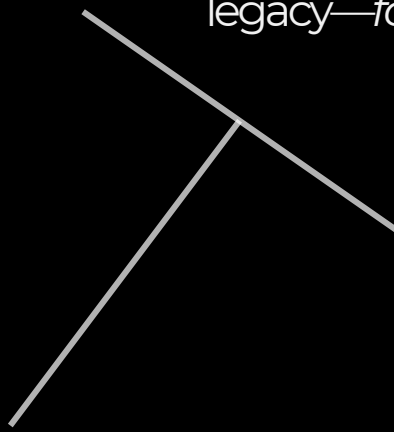

A
prayer
for the
JOURNEY
AHEAD

“Unless the Lord builds the house,
the builders labor in vain.” —
Psalms 127:1

*Lord, we trust You with what is
ahead. Unlock hearts, resources, and
opportunities according to Your will.
Build not just walls, but lives, faith, and
legacy—for Your glory.*

UNLOCKED:

Why is LKNC launching the UNLOCKED campaign now?

- Lake Norman Christian School has reached a critical point in its growth. Enrollment, programs, and campus life have expanded, but our facilities can no longer support that growth. We are out of space. This campaign is a necessary and faithful step to ensure we can continue providing excellent, Christ-centered education for current and future students.

What exactly is being built?

- LKNC plans to construct a new academic facility of more than **45,000 square feet**. This building will include modern classrooms, collaborative learning areas, essential student services, **a cafeteria**, and a **gymnasium that will double as an auditorium** for worship services, performances, and large gatherings.

Who will this building serve?

- This project will impact every LKNC student and faculty member. It will immediately relieve space constraints and allow for future growth in enrollment, academic programs, athletics, fine arts, and campus life.

Is LKNC changing its mission or direction?

- **No.** LKNC's mission remains unchanged! The UNLOCKED campaign strengthens our ability to live out that mission—it does not alter it.

How will this project be funded?

- This project will be funded through a combination of generous community giving and strategic financial planning. The UNLOCKED campaign is designed to invite broad participation from families, alumni, grandparents, and friends of LKNC.

What is the total cost of the project?

- The estimated cost of construction is **\$19.5 million**. This figure reflects current construction costs and careful planning to build a facility that will serve LKNC well for decades to come.

Will tuition increase to pay for the new building?

- The goal of the UNLOCKED campaign is to fund this project without relying on tuition revenue. While tuition adjustments do occur over time as part of normal school operations, this campaign is not designed to be funded through tuition increases but school growth and donations like this campaign.

OPENING THE FUTURE OF LAKE NORMAN CHRISTIAN SCHOOL

How does this project improve student life?

Students will benefit from:

- Purpose-built learning environments
- Improved daily schedules and use of space
- A dedicated space for worship, performances, and assemblies
- Enhanced safety, technology, and functionality
- A stronger sense of community across the campus

Why include a gym that also serves as an auditorium?

- This dual-purpose space allows LKNC to maximize functionality while stewarding resources wisely. It provides a dedicated space for athletics, worship, fine arts, and large gatherings—freeing up other areas of campus and improving the overall student experience.

What is the timeline for the project?

- Pending fundraising progress and final approvals, LKNC anticipates beginning construction once key campaign milestones are reached, with the goal of opening the building as soon as possible thereafter. Updates will be communicated regularly throughout the process.

How will student safety be handled during construction?

- Student safety is a top priority. Construction zones will be clearly separated from active campus areas, and strict safety protocols will be followed throughout the project.

Will there be naming or recognition opportunities?

- Yes. Significant gifts may be recognized through naming opportunities for classrooms, spaces, or other areas within the facility. More information will be available through the Advancement Office.

How can I participate if I'm unable to give financially right now?

- Prayer is essential and powerful. We invite every member of the LKNC community to pray, share the vision, attend events, and encourage others. Every form of support helps unlock the future of LKNC.

How can I learn more or ask additional questions?

- We welcome conversation. Please contact the LKNC Advancement Office or visit www.lknc.org for updates and additional information.
