The weighted GPA is calculated as follows: +1 quality point for honors courses and/or dual enrollment and +2 points for AP classes. Algebra I, can be taken in eighth grade for high school credit. However, the grade received is not calculated in the GPA. Dual enrollment courses are listed on the HS transcript. However students should submit a separate college transcript.

We provide an exact ranking of our graduates using the weighted GPA. In addition, we recognize a valedictorian, salutatorian, and those graduating with distinction.
